

**Raw-Efficiency JV LLC** is a joint venture **SDVOSB**. We are a unique veteran owned company that has blended the positives of both Raw Safety (SDVOSB) and RES. We provide a variety of fast payback energy saving technologies that cover all types of LED lighting, vending machine controls and ice machine heat exchangers. Our products also comply with the Buy American Act (BAA).

**Raw-Efficiency JV LLC** specializes in working with ESCO's, lighting retrofit contractors and building owners to determine the appropriate LED lighting retrofit solution and supplying the BAA/TAA compliant materials. We provide the guidance on which technology is best for your application. We work with manufacturers that can react quickly and we also assist in managing the logistics when supplying materials for Federal Government sites such as VA hospitals, military bases and US Postal Service sites. **Raw-Efficiency JV LLC** provides the quality materials needed to complete successful retrofits for energy saving projects. Our team is ready to assist with your energy saving projects/retrofit programs.

**Raw-Efficiency JV LLC** has applied to formalize its entity with the State of Florida as of 17 December 2018. The process takes 5-7 business days. Once the formalization has taken place, the joint venture will apply to SAMS to obtain a DUNS number and cage code. Raw Safety is a SDVOSB in accordance with Title 38 Code of Federal Regulations (CFR) Part 74 can be verified as a SDVOSB through <https://www.vip.vetbiz.va.gov>. Raw Safety DUNS number is 078868421.
